Join us for the high profile launch event of the 13th annual Harvey Nash CIO Survey. In what remains a challenging economic environment, our industry leading CIO research has identified a number of exciting opportunities for CIOs and IT leaders to develop their career by using technology to drive innovation throughout their organisation. The launch event includes our keynote speakers debating the leading trends from the 2011 CIO survey, as well as the opportunity for you to discuss the issues and network with your peers in senior management positions from across our technology community.

The theme for this years event is "A New Age of Innovation" and each of our speakers will share their unique and personal experiences of innovation and how it drives performance in their organisation.
